# Security Assessments

5

### General Knowledge

The internal security team at ABC Industries want to perform a security assessment of all their internal systems and assets, looking to discover any vulnerabilities or security flaws that may be present. Which of the following tools would help them achieve this goal?

- ☐ Qualys
- ☐ Nessus
- ☐ OpenVAS
- ☐ All of the above

You only have two attempts to select the right answer.

Submit

**Answer: All of the above**

# Firewall Traffic

## 5

### General Knowledge

A Junior Security Analyst has told you that she noticed a huge peak in Firewall Denies against the company's perimeter firewall from a range of unknown IPs. The traffic was successfully blocked, but it resulted in the firewall slowing down, as it was using all of its resources to deal with the high volume of incoming traffic. What is the most likely activity that has occurred?

- ☐ A network misconfiguration
- ☐ A denial of service attack
- ☐ A phishing campaign
- ☐ A distributed denial of service attack

You only have two attempts to select the right answer.

Submit

---

**Answer: A distributed denial of service attack**
